ii) The painfully obvious fact of you completely ignoring and wilfully failing to understand or comprehend the message and context of the images and graphics in favour of such repressive ignorance, superstition and puritanical prejudice.

All of the 2,3,possible 5 images all contained the same essential message,function and purpose;far from attempting to play on,manipulate and work up into a dangerous,violent frenzy,stimulate predatory or potentially abusive "lust" or otherwise corrupt,deprave,debase,causing potential harm to those who use/view it and possibly others around them as a result(directly or indirectly)it was in fact seeking to satirically subvert,attack,abuse and expose in all its crass ugliness,vile absurdity and grotesque stupidity

those in the "normal","regular","mainstream","legitimate", corporate-bourgeois-capitalist press and media making billions every day from peddling such oppressive,abusive and hateful propaganda.
